Reconstitution of the Mysore Circle.

FROM

The Director of Industries & Commerce

No. 12-69 Dated 1.7.1933 Received 1.8.33

Diary No. 205	Enclos.	Spare copies	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Submits proposals for the reconstitution of the existing Mysore circle into two circles and expresses readiness thereto.

NOTES AND ORDERS.

At present the Sericultural parts of the State are divided into four circles: Mysore, Channapatna, Kunigal and Kolar.

Notes

The Channapatna circle is in charge of an Assistant Superintendent with jurisdiction over all the

Serial No.

Sericultural Taluks in the Bangalore ds except Hosako Taluk and parts of Devanhalli and Magadi Talu

The Kolar circle is in charge of a Senior Sericul Inspector with jurisdiction over Sericultural Taluk in the Kolar ds and Hosakote Taluk and part of Devanhalli Taluk in Bangalore ds.

The Kunigal circle is in charge of a Senior Sericultural Inspector with jurisdiction over the Seri cultural Taluks of the Tumkur ds and part of Mag Taluk in Bangalore ds.

The Mysore circle is in charge of a Senior Ser Inspector with jurisdiction over all the Sericultura Taluks in Mysore ds and the new areas in the Hass district. This circle is the largest Sericultural district in the State, Comprising T. Narsipur Chamarajanagar and Yelandur which have the largest area of Mulberry.

With a view to have intensive work done in the area, the Director proposes the division of this circle into two parts: Mysore and Mugur and the other circles will be readjusted as it is absolutely necessary on account of the bifurcation of the Mysore circle.

Bifurcation of Mysore circle

The Director's detailed proposals are

Division of Mysore circle

	Mysore circle. (Mysore: Headquarters)	Mugur circle (Mugur: Head
1	In charge of a Senior Seri. Inspector	1 In charge of a Senior
2	Including Mandya Taluk, Mysore Taluk and New areas in Hassan ds	2. Including T. Nars Chamarajanagar, Yeland Nanjangud & Gundlu

Director of Industries and Commerce in Mysore,
Bangalore, (India.)

DEVELOPMENT DEPARTMENT
31. JUL. 1933

To

S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

#386
Seri. 13-33-1

In continuation of my letter No. D4-240/32-33 dated the 28th July 1933, I have the honor to submit herewith for the information of Government, a copy of the letter dated the 4th July 1933 receiv-ed from the Superintendent of Sericulture submitting proposals re: the reconstitution of the existing Mysore Circle into two circles. He also proposes to make certain other re-adjustments.

It is proposed to break up the existing Mysore Circle into two circles - Mysore and Mugur Circles. The Senior Sericultural Inspect-or in charge of the New Mysore Circle will devote special attention to work in the Mysore Farm and Garden and look after the experiment-al works therein in addition to having jurisdiction over Mandya Tk. Mr. T. K. Krishnamurthy, Sericultural Probationer, who has been com-pletely trained in all branches of work, will be placed in charge of the New Mysore Circle during the absence of Mr. E. S. Ramanath on - leave. I agree with the proposals of the Superintendent of Sericul-ture regarding the division of the existing Mysore Circle into two circles as the existing circle is too large and unwieldy for one - officer. Further more intensive work - which is very necessary under the existing depression - would only be possible when the area of the circle is reduced and put in charge of officers of sufficient status. Mysore District is the premier silk producing area in the State and more intensive work in this area is very necessary. The proposals - have been sent after personal discussion with me. I request there-fore that the proposals of the Superintendent of Sericulture to -- break up the existing Mysore Circle into two may be kindly sanction-ed. The other re-adjustments proposed by him viz., transferring Maddur and Malavalli Taluks to the Chennapatna Circle and Devanhalli to Kolar Circle may also be kindly approved as this would conduce to better work.

It is proposed to post a Senior Sericultural Inspector to the Newly constituted circle at Mugur and give him the assistance of a First Class Inspector. Mr. K. L. Lakshmipathi, Sericultural Pro-bationer, who has also completed his training, is proposed to be - placed in charge of the Kunigal Farm and Circle and give him the assistance of a First Class Inspector. These arrangements may also be kindly approved.

I request very early orders on the proposals contained in this letter.

I have the honor to be,
Sir,
Your most obedient servant,

Director.

(1) Acct the letter

SIR,

I have the honour to state that at present the Sericultural parts of the State are divided into four circles, viz., Mysore, Channapatna, Kunigal and Kolar. The Channapatna Circle is in charge of an Assistant Superintendent of Sericulture who has jurisdiction over all the Sericultural Taluks in the Bangalore District except Hoskote Taluk and part of Devanahalli and Magadi Taluks. The Kolar Circle with head-quarters at Kolar is in charge of a Senior Sericultural Inspector who has jurisdiction all over the Sericultural Taluks in Kolar District and the taluks are:- Hoskote Taluk and part of Devanahalli Taluk in Bangalore District. The Kunigal Circle is in charge of a Senior Sericultural Inspector who has jurisdiction over all the sericultural taluks in Tumkur District and part of Magadi Taluk in Bangalore District. The Mysore Circle is in charge of a Senior Sericultural Inspector who has jurisdiction over all the sericultural taluks in Mysore District and the new areas in Hassan District.

You are aware that Mysore District is the largest sericultural District in the State and the taluks of T. Narasipur, Chamarajanagar and Yelandur have the largest area of Mulberry in the State. It is found by experience that the Senior Sericultural Inspector at Mysore who has wide jurisdiction over Mysore and Hassan Districts finds it very hard to do full justice to the work. There is a big mulberry garden attached to the Mysore Farm where experiments on mulberry cultivation, different kinds of mulberry and experiments in rearing and cold storage are being carried out. It is quite necessary to break up the Mysore Circle into two circles, so that intensive work may be done in the area. I propose that the Mysore circle may be broken up into two circles, i.e., Mysore circle and Mugur Circle. The Mysore Circle will be in charge of a Senior Inspector who will devote his attention to experimental work at Mysore, training of the students and will have jurisdiction over Mandya Taluk, Mysore Taluk and the new areas in Hassan Districts. The Mugur Circle will be in charge of a Senior Inspector who has jurisdiction over the taluks of T. Narasipur, Chamarajanagar, Yelandur, Nanjangud and Gundlupet with Head-quarters at Mugur. The presence of a Senior Officer at Mugur will have great influence on the Sericultural population and will facilitate intensive work and supply of cocoons to the Filature. The work in Malavalli and Maddur Taluks will be entrusted to the Assistant Superintendent of Sericulture at Channapatna, who will be relieved of the work in parts of Devanahalli Taluk. The work in Devanahalli Taluk will be entrusted to the Senior Sericultural Inspector at Kolar. I request that this re-distribution of work may kindly be approved.

Mr. E.S. Ramanath, Senior Sericultural Inspector at Mysore, has been granted a year's leave and is proceeding to Japan early in August 1933 and I wish to break up the Mysore circle into two circles as proposed above from August 1933. The Mysore circle (New) will be in charge of Mr. T.K. Krishna Murthy, Sericultural Probationer, who is now working in Mysore Farm and is in charge of Mulberry experimental work. I propose that Mr. N. R. Krishnamurthy, B.A., Senior Sericultural Inspector, Kunigal, may be put in charge of the newly formed Mugur circle and will be given the assistance of a first class Inspector who helps him in cocoon purchase work in Mugur area. I propose that Mr. M.S. Muthanna who is now in Hebbur may kindly be posted to Mugur for the above work. I propose that Mr. K.L. Lakshmipathi, B.Sc., Probationer, who is now working in Filature may placed in charge of the farm and circle at Kunigal as the intensive work has got to be done to improve the rearings in Kunigal Seed area and as Mr. B. Suryanarayana Rao, First Class Inspector, in charge of Mugur Farm is a very good rearer, I propose that Mr. B. Suryanarayana Rao may be posted to Kunigal for work in Hebbur area.

I request that early orders may kindly be issued. I beg to say that I have discussed these points with you personally at Kunigal as well as at Mysore. Since work in Mysore Farm will decrease when a new circle is formed at Mugur, it is necessary that a clerk and a peon from Mysore Farm are transferred to Mugur Farm. I shall submit a detailed proposals regarding the re-distribution of the staff in Mysore Farm in due course.

I have the honour to be,
Sir,
Your most obedient servant,

H.S. [illegible]

Superintendent of Sericulture.
